

PIECE TWO Gum-drop Bin

This is at the Silent contribution, (Unseen pollutants)

Nanoparticles stretched between teeth,

But here is a small town solution,

For this big world problem

Billionaires who steal and seal themselves away

We pick up after them

We students forced to adapt our ways

Students find solutions for future days.

Problems only there to be overcome

To be overcome

Problems only there to be overcome

A mouldable polymer from chewing gum

It's

Bright pink bubble shaped gum drop bin,
